

FOR IMMEDIATE RELEASE

Avram Entities (AE) LLC-S Received a 2nd Skip \$1,000 Instant Credit Grant to Expand Access to Business Growth Tools

Indianapolis, IN — March 10, 2026 — Avram Entities (AE) LLC-S, a local small business with a dual focus but one heartbeat, announced today that it has been awarded a \$1,000 Instant Credit Grant from Skip.

Skip Instant Grants are random drawings open to small business owners nationwide. Rather than a typical cash grant, this award provides AE with \$1,000 in Skip credits—a cash equivalent that can be used for a range of business tools and services on the Skip platform, such as website creation, 1-on-1 consulting, or an annual membership that opens the door to larger grant opportunities and more.

In a company statement, AE shared:

“In this current season of rebuilding and stabilizing operations, this award meets a real, practical need. This is AE’s 3rd grant win through Skip to date—1st in 2024 (\$1,000 cash), 2nd in 2025 (\$1,000 credit), and now again in 2026 (\$1,000 credit). Whether cash or credit, each award expands our toolbox with modern resources and guidance—helping us strengthen internal systems, advance restoration work, and deepen stewardship of the communities we serve.”

AE’s Legacy Division is committed to providing clean, comfortable living spaces at practical pricing. AE’s Creative Division is targeted to launch in late 2026, supporting entrepreneurs through brand design and messaging strategy.

We’re thankful to Skip for supporting early-stage and community-minded businesses with practical options to fuel growth and innovation.
